

# JAVELOT MACRO

design Odile Decq, 2010

**LUCE  
PLAN**

- Type: Floor
- Lamps: 3x2 LED 8W warm white 3000°K\*
- Product use: Outdoor
- Materials: Aluminium body painted black, cone satined methacrylate diffuser
- Colors: Structure in black
- Description: This evocative lighting fixture dedicated to the extension project of MACRO - Rome's Museum of contemporary Art - has three aluminium bodies with conical satin - finished methacrylate tips that shed suggestive light from LED sources. The three "javelins" have different lengths and intersect at an asymmetrical joint, assembled on the stem, to create unprecedented outdoor choreographies.

Insulation class:  IP65 CE

Reference code: D54t 1D540T000001 black

\*The LED lamps cannot be changed in the luminaire
